ACCESSORIES: WALL-MOUNTING AND TABLE-TOP KIT

The new PHKP surface mounting and table-top kits for BPT Ophera receivers are available in white and silver version. The PHKP surface mounting kit allows wall-mounted installation with fixture screws interaxis for 3-modules boxes in both horizontal and vertical position, as well as on round boxes with a 60 mm diameter. The table-top kit PHKT is composed of a preassembled table-top bracket with surface mounting support. It has non-slip rubber on the bottom.
